Genomics resources: webinar

Laura Emery [1]
DNA & RNA
Beginner
0.5 hour

This 25 minute webinar from Dr Laura Emery provides you with an introduction to EMBL-EBI and the data resources available (recorded on 25th February 2015).

The webinar focuses in particular on three core resources - Ensembl, ENA and the Metagenomics portal.

NB: This video works best using Google Chrome and when viewed in full screen.

Find out about upcoming webinars [2].

Learning objectives:

- Discuss some of the genomics resources on offer at EMBL-EBI and when they could be used
- Be able find more detailed tutorials on the genomics resources available

Quiz: Resources for Genomics webinar quiz

Laura Emery [1]

EMBL-EBI
Scientific Training Officer - Training

Laura completed her undergraduate degree in Genetics (BSc first class hons) at the University of Nottingham. After dabbling in experimental work on a summer placement at the Wellcome Trust Sanger Institute, she found joy in using computer-based analyses to explore biological questions. Laura completed her PhD in Evolutionary Genetics at the University of Edinburgh’s Institute of Evolutionary Biology. There she used a bioinformatics approach to investigate patterns of codon usage in Archaea while under the supervision of Prof Paul Sharp FRS.

She also worked as a postdoc at the University of Manchester, where she explored molecular co-evolution among interacting proteins. Having obtained qualified teacher status (QTS), Laura joined EMBL-EBI as a Scientific Training Officer in 2012 and is responsible for the development and delivery of training courses.
